ROAD RANGER®

The Road Ranger brand was established in the 1970s. At that time, we were the first and only company in Europe manufacturing hardtops for pickups and camping hardtops for open-platform cars. Rather than manual lamination, the Resin Transfer Molding (RTM) light technology, i.e. vacuum moulding, is increasingly used in production.

The Road Ranger brand consists of a group of companies known as Dr. Höhn Group, which includes the following:

- Dr. Höhn GmbH based in Ingelfingen, Germany – sales to Western European markets;
- Dr Höhn Sp. z o.o. – factory manufacturing Road Ranger products located in Ostroda, Poland;
- MKT Car Technik Sp. z o.o. based in Ostroda, Poland – sales to other markets.

EXTRAS AVAILABLE BY HARDTOP ORDERING:

- » Solid rear door (unglazed)
- » Sliding roof bars
- » ABS roof vent
- » LED workinglight
- » Roof reinforcement
- » Colour-matched side flaps

Sliding roof bars

LED workinglight

HARDTOP TO DC RH04 IF S (STANDARD)

Premium Hardtop in Standard version, i.e. with solid side panels.

Features: cab high, glazed rear door (glass is seated in a thermoformed ABS frame), tinted rear door, heated rear screen, integrated spoiler, opening bulkhead window (air circulation, ability to wash the vehicle's window), carpet lining, automatic interior LED light, rear door lock integrated with the car's central lock system, color coded, complete mounting set.

The hardtop is equipped with tailgate water protectors, i.e. thermoformed items riveted to the vehicle's body near the rear lamps. The protectors are set with the hardtop rear door seal which ends at the truck bed floor level. In this way, the sides of the vehicle tailgate are sealed.

HARDTOP TO DC BP 4 S (BACPAC STANDARD)

Please note, this is an illustrative photo (on the photo: Special version with sliding side windows).

The BacPac 4 hardtop is ideally tailored for those customers who require expanded loading space and want to make maximum use of the truck bed. All of this, due to the increased height of the hardtop, which is higher than the vehicle's cab.

It is also an ideal choice for personalisation in tender contracts to keep an attractive price.

Standard version, i.e. solid side panels.

Features: glazed rear door, non-opening bulkhead window, interior LED light, carpet lining, color coded, complete mounting set.

The product is also available with an unglazed solid rear door.

ROLL COVER

Lockable waterproof aluminium roll cover with black vinyl coating. In addition to the visual effect, vinyl prevents dirt from getting between panels which thus prevents incorrect operation. The roll cover is a convenient way to cover the truck bed. If opened, it enables the transporting of high loads. When opening, the cover retracts in the case located against the front wall of the truck bed. In the closed position, the vehicle's rear door is also locked. Installed with clamps to the truck bed edges.

Roll cover for a vehicle without styling bar.

Art. H468-1
